

# Help Fido find his way home

**Goal:** Help Fido find his way home. Of the eight homes, only one is the home for Fido.

**Directions:** Print out the map or use it on your computer screen. Next, start at the space with the letter “A” just below Fido and navigate the correct direction (north, south, east, or west) and the correct number of spaces to land on one of the numbered spaces directly below a home. Use the “Directions to Fido’s Home” to guide you. Fido is counting on you.

## Directions to Fido’s Home:

1. Move 4 spaces east.
2. Move 5 spaces south.
3. Move  $(12/2)$  spaces east.
4. Move  $(9/3)$  spaces south.
5. Move  $(12-7)$  spaces east.
6. Move (the number of continents in the world) spaces north.
7. Move (the number of leaves on a lucky clover) spaces west.
8. Move  $(2+3)$  spaces north.
9. Move  $(4-2)$  spaces east.
10. Move  $(2+2+2)$  spaces north.
11. Move  $(20-15)$  spaces west.
12. Move  $(3/3)$  spaces north.
13. Move  $(2 \times 3)$  spaces east.
14. Move  $(2 \times 1)$  spaces north.
15. Move  $(3 \times 4)$  spaces west.
16. Move  $(2+2+2+2)$  spaces south.
17. Move 2 spaces west.

**The End** (check your work on the accompanying attachment)
