

## Moving Targets

**Get clicking!** *Take steps to guard your data.* Mobile devices that have Internet access or support voice calls, text messages or email are vulnerable.

### ***Protective Measures***

- Keep your mobile device physically secure
- Control the type of data stored on the device. Do not store unnecessary or sensitive information.
- Disable features that are not needed, such as Bluetooth, WiFi, GPS, etc.
- Use a secure password.
- Enable storage encryption.
- Install antivirus software to prevent, detect or quarantine mobile-device malware.
